

2012 Arizona Infection Prevention Week

Influenza Vaccine Round-Up

Letter of Participation

_____ is committed to participating in the flu vaccine Round-up event held on October 17, 2012 during Arizona Infection Prevention Week.

We are interested in being involved in Infection Prevention activities by joining the HAI Advisory Committee and the Grand Canyon Chapter of the Association for Infection Preventionists (APIC), in their efforts to reduce Healthcare Associated Infections (HAI) in Arizona.

Our facility will participate in these events by:

- Coordinating an influenza clinic on October 17, 2012
- Tracking the number of influenza vaccines given
- Reporting these numbers to the Arizona HAI Program, so that we may be able to beat the 2011 Arizona Influenza vaccine record.

With the theme of 'Infection Prevention is Everyone's Business,' we look forward to strengthening our contributions to infection prevention activities in Arizona.
